| Management of companies and enterprises                               | Wholesale trade                                 |

## 1. PROJECT SUCCESS

a) How do you know your project was successful? Did your project meet the expected goals as outlined in your funding agreement? If so, how and what were the results? *Please use concrete examples.*

b) For each of the desired outcomes below, explain how your project contributed to the main goals of the CEWIL iHub funding. Only complete the outcome(s) relevant to your project.

- **Increased access for students, particularly underrepresented students\*.**

*\*For the purpose of this funding, underrepresented groups are defined as: Indigenous Peoples, Black Canadians, Racialized students, Persons living with a disability, Female-identifying or non-binary persons studying in STEM, Newcomers to Canada (within 5 years), Rural and Remote Students and/or Official Language Minorities*

- **Removed barriers for students to participate in work-integrated learning**

- **Leveraged technology to increase access or enhance programming**

- **New partnerships and new models for curricular WIL implemented**

**c) Did anything unexpected happen (positive or negative) during the project? If so, please explain.**

## 2. IMPACT ON STUDENT

a) How was the WIL experience meaningful and substantial for the student? Please explain.

b) How did the WIL experience develop the students' skills and knowledge towards meeting employment goals? Provide examples of how students developed their skills and knowledge and worked towards meeting their employment goals.

c) Indicate the impact that your project results are having on the lives of Canadian students.

<b>d) From the institution's perspective, to what extent do you agree or disagree with the following statements about overall skills development of the student(s) experienced through this iHub WIL project:</b>						
	Strongly Disagree (1)	Disagree (2)	Neither agree nor disagree (3)	Agree (4)	Strongly Agree (5)	Not Applicable (N/A)
Critical thinking skills improved						
Problem-solving skills improved						
Time management skills improved						
Written communication skills improved						
Oral communication skills improved						
Teamwork skills improved						
<b>e) From the institution's perspective, to what extent do you agree or disagree with the following statements about the overall abilities the student(s) developed through this iHub WIL experience:</b>						
	Strongly Disagree (1)	Disagree (2)	Neither agree nor disagree (3)	Agree (4)	Strongly Agree (5)	Not Applicable (N/A)
Ability to work with others improved						
Ability to work independently improved						
Ability to apply technical knowledge and skills gained from my studies improved						
Ability to work with technology or software improved						
Ability to be flexible or adaptable has improved						
<b>f) From the institution's perspective, to what extent do you agree or disagree with the following statements about the student's overall iHub WIL experience:</b>						
	Strongly Disagree (1)	Disagree (2)	Neither agree nor disagree (3)	Agree (4)	Strongly Agree (5)	Not Applicable (N/A)
The WIL experience was related to their field of study						
The WIL experience helped clarify their potential career path						
The WIL experience contributed towards their professional network (community, industry, mentors, peers, students) that will help them in achieving future career goals						
They gained experience that will help them in the workplace after they graduate						

### **3. IMPACT ON COMMUNITY / INDUSTRY PARTNER**

**a) How was the WIL experience meaningful and substantial for the community / industry partner?**

**b) How did the WIL experience engage with or benefit the community / industry partners? Please explain.**

**c) How did this experience address labour market/community/industry sector needs?**

#### 4. CHANGES

a) Were there any changes to the budget from what was outlined in the Funding Agreement?  
If yes, please provide a detailed explanation of any change(s)/modification(s).

b) Were there any changes to the activities from what was outlined in the Funding Agreement?  
If yes, please provide a detailed explanation of any change(s)/modification(s).

#### 5. LESSONS LEARNED

a) From your institution's perspective, describe the lessons learned that occurred from this project.

**b) What do you wish you knew about funding an innovative WIL project before you first started?**

**c) What's next for your innovative WIL program? (for example, evaluation, expansion, knowledge, mobilization within your institution)**

**d) If CEWIL were to create a toolkit or "how to" guide on developing innovative WIL experiences, what kinds of resources or information would be helpful? (for example, partnerships, design, development, evaluation, etc.)**

## 6. TESTIMONIALS

Please provide a story about the impact of the WIL experience on the student and/or community/industry partner and/or the institution.

## 7. Additional Comments

Is there any other information about your project that you want to share?
